

GARBAGE SHED

Please help us keep the shed clean and tidy at all times.

Items to trash: Paper, Cardboard, Hard Plastic, Metal, Electronics and Batteries.

Please

- choose the right container for your items.
- downsize your trash before dumping it into the containers.
- don't overfill the containers, they won't be emptied by the garbage collectors if you do.
- no food.
- no pizza cardboards, make these items wet for easy folding, put it in a plastic bag, then drop it with your kitchen trash into the garbage chute inside the building at the stairwell.
- no glass, flamingo and big items. These objects you have to bring to the recycling station, nearest one is found on Herjedalgade 2-4, 2300 København S.
- drop glass bottles in the containers outside IRMA or NETTO.

Any items left - that doesn't belong - is very costly for the property / you and me.
